Old Business

- Easement Clean Up
 - Letters sent were not violations – but notices and requests to clean up your yards behind your home TO YOUR PROPERTY LINE.
 - It is not being asked to clear your property of trees or wooded areas, we area.
 - The area that must be cleared is brush, and anything that is compromising fences under reasonability.
 - TVA has made it clear they are not responsible for this area.
 - Suggestions were made:
 1. Get together with your neighbors to hire a tree trimmer or someone to clean it all at once.
 2. Property lines may not always reach; this area would become the responsibility of the HOA. - See picture for reference.
